GYMNASTICS MISSISSAUGA
PILOT RECREATIONAL PROGRAMME

We wish to document a course of study for Recreational Gymnastics classes. At the present time, there is no well-defined programme for gymnastics at the recreational level. The effect of this deficiency is a tendency for coaches of recreational programmes to "just keep the children happy".

The method planned for this project is to hire a full-time person with a reasonable amount of coaching expertise to set up the programme and test it during the course of regular gym classes, redo as many parts as need be, institute these changes in the classes and to continue to do this until the most suitable programme evolves. The project will involve a full year of research, development and evaluation and will maintain an educational perspective not influenced by the competitive capabilities of the participants. A full-time coach would spend approximately half of his/her time researching the ideas of many master coaches, planning his programme and documenting his findings and the other half in the gymnasium, testing and evaluating the programme.

The emphasis in the programme development will be:

- (1) ensuring that the skills are meaningful and worthwhile and result in a sense of accomplishment for the young gymnast;
- (2) creating a motivational incentive award system;
- (3) the promotion of personal growth through gymnastics so that a positive philosophy toward fitness results;
- (4) satisfaction and a sense of accomplishment for young coaches acting as assistants in such a programme.

Gymnastics Mississauga believe in the self-pay principle - that is why our classes are approximately \$2.40 per hour per participant. However, if this study is to be documented properly for the benefit of all coaches in Mississauga, a subsidy from the City is essential. We cannot afford to pay the extra salary required to document this properly without financial assistance.

We have the expertise and are willing to set up a programme so that Recreational Gymnastics in Mississauga will be second to none.

MISSISSAUGA SYNCHRONIZED SWIMMING CLUB

The 82-member Mississauga Synchronized Swimming Club is an active one indeed. Last year the Club raised \$4300 in membership fees and matched that figure in fund-raising ventures. This illustrates a good effort by the Club to secure money for its operation.

The membership, ranging in age from 8 to 50+ are actively involved with the community. During the past year the Club has given performances and demonstrations at each of the summer pool openings, performed for the residents of Sheridan Villa, participated in the City Day parade and in the City's Winter Carnival, and hosted a competition and clinic at Huron Park Pool.

In addition to fund-raising and community involvement, our swimmers travel across Canada to compete, carrying the name of Mississauga with them. As such, they are ambassadors of this City. Later this summer the girls will be attending their first international competition, carrying the City's name still further.

Consideration should be given by this Council to the Mississauga Synchronized Swimming Club. Your support of these young ambassadors will be greatly appreciated.

MISSISSAUGA MAJORETTE & DRUM CORPS

1-3

June 22, 1977

Mr. Mayor and Members of Council:

The Mississauga Majorette & Drum Corps has represented the City with pride for the past nine years across southern Ontario. The Corps is oriented to youth development from basic to teacher level, ages 6 to 20.

These are the reasons we are appealing our recently denied grant:

- 1) We have only approached the City once in nine years for seed money to develop our Drum Line;
- 2) We have approached several service clubs in the past and have been turned down;
- 3) Any functions within the City have always taken priority over other paid parades or demonstrations;
- 4) Our policy has always been to perform any parades or demonstrations for the City free of charge;
- 5) We are offering a constructive youth development programme, attempting to serve a broad range of boys and girls throughout the City.
- 6) In addition to our many fund-raising projects (eg. Dance, Monte Carlo, Hockey Lottery) we are now in the process of:
 - a) Charging bus fees for out-of-town parades;
 - b) Charging for alterations on all costumes;
 - c) Studying our current fee structure, bearing in mind we are a recreational Corps maintaining a service to a maximum number of children.

In order for our group to survive, we need help with at least our facility costs. We would appreciate your consideration of this appeal.

Dear Sir,

Re: PHI International Inc. - Block "C"
Plan M-34, Mississauga

Further to our telephone conversation with Mr. Julian of last week and our telephone conversation with you this morning, this is to confirm that our request to appear before Council on June 27, 1977 is with respect to the following matter.

Our client, PHI International Inc. registered a plan of subdivision as M-34. This subdivision was registered pursuant to file T-2489.22964.

According to the development agreement, our client, which is still the owner of Block "C" on Plan M-34, was not permitted to develop the said Block "C" except in conjunction with adjacent land.

Our request is that we be permitted to develop the Block on its own and that instructions be given to Staff to do what is necessary in order that this may be done.

Yours truly,

DAVIS, WEBB & HOLLINRAKE,

CLERK'S DEPARTMENT

The Corporation of the City of Mississauga,

MISSISSAUGA,

Attention: T. Julian, Esq.,
City Clerk.

WITHOUT PREJUDICE.

Dear Sir,

Re: Idlewylde Developments sale to The City of
Mississauga - Part Lot 28, Concession 2, S.D.S.
Mississauga.

By agreement dated February 5th, 1975, Idlewylde agreed to sell to the City a part of the lands referred to above.

On Page Six under Section 10, it is provided that "the City shall pay to the owner the sum of \$400,000.00. from the monies received from the owners which are referred to in the agreement attached hereto as Schedule "B" only if, as, and when such monies are received by the City".

We understand that on July 9th, 1976 the City received \$250,166.00., that on September 30th, 1976 the City received \$120,578.00. and that on February 25th, 1977 the City received \$252,418.00. It is our client's position that the monies should have been paid over to it pursuant to the agreement as and when they were received. Inasmuch as payment was not made as aforesaid, it is our client's position that the City was in breach of contract for not paying the monies over when received and that it is, therefore, entitled to damages for breach of contract.

We are authorized to advise that our client is willing to accept in lieu of damages interest at the rate of 9 3/4% per annum on the sums of money from the date they were received by the City.

We wish to appear before Council on June 27th, 1977 to discuss this matter with the Council. Would you please arrange for us to appear as a delegation on that date.

Yours truly,

DAVIS, WEBB & HOLLINRAKE,
